Dear Employer,

I am writing to express my interest in the Frontend Developer position at Ongig as advertised. With a Bachelor of Science in Computing from Edinburgh Napier University and a Certificate in Higher Education Software Engineering from the University of Portsmouth, combined with hands-on experience as a freelance frontend developer, I am excited about the opportunity to contribute to your team.

In my current role as a Frontend Developer Freelancer, I have designed and implemented responsive, user-friendly web applications that have significantly boosted user engagement and client satisfaction. My work includes:

Enhancing user engagement by 25% through intuitive user interface design.

Creating responsive web designs, reducing user complaints by 20%.

Optimizing application performance, improving load times by 30%.

Conducting comprehensive code reviews, reducing bugs by 15%.

Collaborating effectively with backend developers to ensure seamless integration, reducing integration issues by 10%.

My time as a Frontend Developer Trainee at the University of Portsmouth further honed my skills in testing, debugging, and documentation, where I contributed to a 15% improvement in project outcomes and a 20% reduction in user-reported issues.

I am proficient in HTML, CSS, JavaScript, and modern frontend frameworks like React.js and Angular. Additionally, I have experience with tools such as Git, Webpack, and npm, and a foundational knowledge of design tools like Figma and Sketch. My dedication to continuous learning is demonstrated by certifications from Meta, Google, and Coursera, covering areas from frontend development to cybersecurity and technical support.

I am particularly drawn to Ongig because of your commitment to the 6 weeks training program, competitive salary, development opportunities and most importantly the flexibility of the job. I am confident that my skills in developing functional and appealing web applications, coupled with my proactive approach to problem-solving and collaboration, make me a strong candidate for this role.

Thank you for considering my application. I look forward to the opportunity to discuss how my background, skills, and certifications align with the goals of your team. I am available for an interview at your earliest convenience and can be reached at +2348076853167 or via email at jibrilbulama2k@gmail.com.

Sincerely,

Jibril Bulama
