## Objective

---

Dedicated and skilled Frontend Developer with a proven track record in designing and implementing responsive and user-friendly websites and web applications. Holds a BSc in Computing and a CertHE in Software Engineering. Proficient in HTML, CSS, JavaScript, WordPress, and modern frontend frameworks and libraries. Adept at collaborating with clients and cross-functional teams to drive project success. Passionate about crafting exceptional user experiences and adept at problem-solving. Committed to ongoing self-growth, engaging in multiple platforms for learning, including Udemy, Coursera, Skill share, and edX. Seeking an opportunity to leverage my expertise and contribute to innovative web development projects.

## Professional Experience

---

### Frontend developer freelancer

May 2023 - Present

- Collaborated with UX/UI designers to implement visually appealing and intuitive user interfaces for web applications.
- Developed responsive web designs and ensured cross-browser compatibility.
- Implemented frontend logic using JavaScript and modern frameworks such as React.js or Angular.
- Conducted code reviews and provided constructive feedback to team members.
- Worked closely with backend developers to integrate frontend components with server-side logic.
- Optimized web applications for maximum speed and scalability.
- Created website for client using WordPress.

### Frontend Developer trainee

University of Portsmouth, UK 2018 - 2021

- Participated in team meetings and brainstorming sessions to enhance project ideas.
- Conducted testing and debugging to ensure seamless user experience.
- Collaborated with the QA team to identify and fix frontend-related bugs.

- Contributed to the documentation of frontend code and development processes.
