PERSONAL STATEMENT

A highly motivated and detail-oriented Frontend Developer with a strong foundation in web development, UI/UX principles, and modern frameworks. Holding a BSc in Computing and a CertHE in Software Engineering, I have successfully designed and implemented responsive, user-friendly websites and applications. My expertise spans HTML, CSS, JavaScript, React.js, and WordPress. Passionate about problem-solving and continuous learning, I am seeking a role in a forward-thinking organisation where I can apply my skills to innovative projects.
